

Lakshmana Sarathy P

Software Developer

+91 6374880129 | lakshmanasarathy8@gmail.com | LinkedIn | GitHub | Portfolio | LeetCode

SUMMARY

Software Developer with hands-on experience in building web applications end-to-end. Skilled in **Java, Spring Boot, REST API design, Multithreading, Authentication, Authorization** and **Relational Database** integration using **Hibernate** and **MySQL**. Comfortable across **HTML, CSS, JavaScript** for frontend, **Git** and **GitHub** for **version control**, **Postman** for API testing. Strong in **object-oriented programming** and **problem-solving**. Focused on building reliable, maintainable applications while continuously improving software development and problem-solving skills.

SKILLS

Programming Languages: Java, JavaScript (ES6), SQL

Backend: Spring Boot, Spring MVC, Spring Data JPA, Spring Security, JWT, Authentication, Authorization, Hibernate, RESTful APIs

Core Java: Object-Oriented Programming, Collections, Exception Handling, Stream API, Data Structure and Algorithms

Database and Frontend: MySQL, HTML5, CSS3, React Basics

Tools: Postman, Git, GitHub, Maven, Eclipse IDE, Visual Studio Code, MySQL Workbench

EXPERIENCE

Full Stack Developer Trainee

Aug 2025 - May 2026

KodNest

- Completed Full Stack training with a strong focus on **Java** and **Spring Boot** for backend development.
- Built full-stack web applications using **Java, Spring Boot, Spring Data JPA, Hibernate, MySQL, HTML, CSS** and **JavaScript**.
- Developed **REST APIs** with **CRUD operations** and connected the backend with databases and frontend applications.
- Worked with **MySQL, Spring Data JPA** and **Hibernate** for entity mapping, data persistence and database operations.
- Used **Git, GitHub** and **Postman** for version control, **API testing**, debugging and application development.

PROJECTS

Rekart

Apr 2026 – Jun 2026

Full-Stack Web Development Project

- Built a full-stack e-commerce application using **Java, Spring Boot, MySQL, HTML, CSS, JavaScript** and **REST APIs** with **separate customer** and **seller functionalities**.
- Added **JWT-based authentication, role-based authorization** and **OTP email verification** for secure user access.
- Developed **REST APIs** for product management, shopping cart, order processing and order history.
- Integrated **Razorpay payment gateway** for online payment and used **Spring Data JPA** and **Hibernate** to handle database operations.

Expense Management System

Mar 2026 – Apr 2026

Full-Stack Web Development Project

- Built an expense management web application using **Java, Spring Boot, MySQL, HTML, CSS** and **JavaScript**.
- Created **REST APIs** and **implemented CRUD operations** for adding, updating, viewing and deleting expense records.
- Connected the frontend with the **Spring Boot** backend using the **Fetch API** and handled data persistence with **Hibernate**.
- Added features for **expense tracking, transaction history** and **balance management** with a responsive user interface.

CERTIFICATIONS

Full Stack Development – KodNest

Software Engineer – HPE

Software Engineer – Walmart Global Tech

REST API – HackerRank

EDUCATION

C.Abdul Hakeem College (Autonomous)

Bachelor of Computer Applications (BCA)

Ranipet, Tamil Nadu

Jul 2022 – May 2025
